In carrying out these responsibilities, the Historic Preservation Board shall engage in the following:

(1) Conduct and maintain a comprehensive inventory of historic resources within the boundaries of the Town of Steilacoom and known as the Steilacoom Historic Inventory, and publicize and periodically update inventory results. This data is informational and used as a tracking method of historic properties across the Nation and is also used as a stepping stone for nominations to the Steilacoom Register of Historic Places.

(2) Initiate and maintain the Steilacoom Register of Historic Places. This official register is composed of historic properties listed in SMC Section 2.14.050.C as contributing to the

Historic District and properties individually listed by owners. The Steilacoom Register of Historic Places will be maintained in a location accessible to the public during normal business hours.

(12) Perform other related functions assigned to the Board by the Mayor. 13. This may take the form of pamphlets, newsletters, workshops and individual meetings.

(14) Officially recognize excellence in the rehabilitation of historic buildings, structures, sites and districts, and new construction in historic areas; and encourage appropriate measures for such recognition.

(15) Provide information and education to the public and Town departments on incentives for preservation of historic resources including legislation, regulations and codes which encourage the use and adaptive reuse of historic properties.

(16) Provide review of nominations to the State and National Registers of Historic Places per CLG requirements.

Properties located within the Historic District would still be subject to the Preservation and Review Board review; however, their status from contributing to non-contributing may be changed by Town Council action.

In the event that any property is no longer deemed appropriate for designation to the Steilacoom Register of Historic Places, the PRB may initiate removal by following the same procedure as provided for listing. Appeals of any decision regarding removal of a property from the Steilacoom Register of Historic Places are appealed to the Town Council. A property may be removed from the Steilacoom Register of Historic Places without the owner's consent.

If the Board requests more information, the Board's decision may exceed the sixty (60) calendar day limitation. However, the Board must issue a decision prior to the expiration of 120 calendar days from the Board meeting date where the application was first scheduled to be heard by the Board.

(5) The Board shall review the proposal, using information from the application materials, staff report and public testimony. The Board may conduct a site visit if the Board determines that a visit would be beneficial. (3) Whether the building, structure or object can be moved without significant damage to its physical integrity.

(a) The denial or partial denial will deprive the owner of reasonable economic use of the property;

(b) The building, structure, or portion thereof to be removed cannot be adapted for any other use, whether by the owner or by a purchaser, which would result in a reasonable economic return;

(c) There is no viable or reasonable alternative which would have less impact;

or

(d) The structure is so deteriorated, and there is so little historic fabric, that it would be impossible to retain the historic, cultural, and architectural significance of the structure through rehabilitation or renovation.

(3) "Imminent threat" means the building, structure, or portion thereof to be removed constitutes a documented major and imminent threat or immediate danger to the public's health and safety, or likely to partially or totally collapse and thereby injure persons or damage property, and said demolition or removal is the only reasonable way to alleviate said threat.

(4) The removal of a structure will be determined detrimental to the historic and architectural character of the Historic District if the structure is at least 50 years old, meets three or more of the following criteria or is less than 50 years old and meets at least five of the following criteria:

(a) is associated with events that have made a significant contribution to the broad patterns of national, state or local history;

(b) embodies distinctive architectural characteristics of a type, period, style, or method of design or construction, or represents a significant and distinguishable entity whose components may lack individual distinction;

(c) is an outstanding work of a designer, builder, or architect who has made a substantial contribution to the art;

(d) Exemplifies or reflects special elements of the town's cultural, special, economic, political, aesthetic, engineering, or architectural history;

(e) is associated with lives of persons significant in national, state or local history;

(f) It is the only remaining, or one of the few remaining structures of a particular style, building type, design, material or method of construction;

(g) It is a conspicuous visual landmark in the community;

(h) It is an important or critical element in establishing or contributing to the continuity or character of the street, district, or town.

(5) The applicant has the burden of proof to establish by clear and convincing evidence that supports the issuance of the Certificate of Approval for Demolition.

(6) If the proposed action is necessary to correct an unsafe or dangerous condition on the property, but does not meet the criteria to allow demolition of the entire structure, the building inspector with the concurrence of the Historic Preservation Officer may issue a permit strictly limited to correcting emergency conditions.

(7) No building which has been designated as non-contributing in the historic district shall be demolished without prior approval of the Board. The Board shall approve a proposal upon determining that demolition will not be detrimental to the historic or architectural character of the Town. If the Board determines that demolition will be detrimental to the historic or architectural character of the Town, the Board shall issue an order directing that demolition be postponed for a period fixed by the Board but not exceeding sixty (60) calendar days from the date of the Board meeting where the application was first scheduled to be heard by the Board, unless delay is agreed upon by all parties or the applicant requests in delay in review of the application for demolition.

During the period of postponement, the Board shall consult with interested persons, agencies or organizations to ascertain what may be done by the Town or by any agency, organization or individual to preserve the building. If no means are found to preserve it, the Board shall, at the conclusion of the postponement period, approve the demolition permit. During the period of postponement, the applicant shall allow staff to photo-document the property.

(8) If a property is demolished without a Certificate of Approval for Demolition, the Town will levy a monetary penalty in the amount of

(a) 10% of the most recent regular assessed valuation excluding exemptions as determined by the Pierce County Assessor of the demolished structure and the property parcel on which the structure was located for a noncontributing structure, or

(b) 25% of the most recent regular assessed valuation excluding exemptions as determined by the Pierce County Assessor of the demolished structure and the property parcel on which the structure was located for a contributing structure.

The levying of and the amount of the penalty may be appealed to the Town Council. Proceeds from the penalty will be used for historic preservation projects within the District. Additionally, any proposed new initial construction will be required to be built within the original footprint of the demolished structure. This construction will be reviewed based upon the adopted Design Standards for "infill construction." Any future modifications, however, will be held to the Design Standards for historic structures regardless of parcel ownership.

#### **(D) Demolition by Neglect**

The intent of this section is to prevent the situation where a building is intentionally allowed to become unsafe.

A property owner shall not permit a structure to deteriorate so badly that it produces a "detrimental effect" on a historic district or landmark.

(1) Neither the owner of nor the person in charge of a contributing structure as identified on the Steilacoom Register of Historic Places shall allow such property to fall into a state of disrepair which may result in the deterioration of any exterior appurtenance or architectural feature so as to produce or tend to produce a detrimental effect upon the character of a major architectural design district or the life and character of a contributing structure. Examples of the type of disrepair prohibited include, but are not limited to:

- (a) The deterioration of exterior walls or other vertical supports;
- (b) The deterioration of roofs or other horizontal members;
- (c) The deterioration of exterior chimneys;
- (d) The deterioration or crumbling of exterior plasters or mortar;
- (e) The ineffective waterproofing of exterior walls, roofs and foundations, including broken windows or doors;
- (f) The deterioration of any feature so as to create or permit the creation of any hazardous or unsafe condition or conditions.

(2) The Historic Preservation Officer shall give notice by certified or registered mail of specific instances of failure to maintain or repair. The owner or person in charge of such structure or property shall have sixty (60) days to remedy such violation; provided that the Historic Preservation Officer, upon request, may allow an extension of up to sixty (60) days to remedy such violations. Thereafter, each day during which there exists any violation of this section shall constitute a separate violation and shall be punishable as provided in this chapter of the Steilacoom Municipal Code.

Economic hardship can be claimed if the repairs necessary for the house would amount to more than value of the building or the property owner is eligible for or currently on public assistance. Staff will review the claim to determine if economic hardship applies.

**(E) Penalties for Non-Compliance**

A person not complying with the provisions of subsection D of this section is subject to a daily fine of \$250 for each day of noncompliance. If no compliance has occurred at the end of 120 days of penalties, the Town is authorized to perform the work to stop the deterioration and to place a lien on the property for the cost of the work performed along with any associated administrative or legal fee costs.

**(F) Appeal of Approval or Denial of a Certificate of Approval for Demolition.**

Decisions of the Board to approve or deny a Certificate of Approval for Demolition may be appealed to the Town Council under the provisions in SMC Title 14. (Ord. 1528 §(C)(8), 2016: Ord. 1439 §5, 2008).

**2.14.063. Adoption of design standards.**

**(A) Criteria for Standards**

The adopted design standards shall identify character defining features of the Town, consider the history of the Town, include a statement of purpose and intent, and shall be consistent with the purposes of this chapter. The standards shall identify design characteristics which have either a positive or negative effect upon character defining features of the Town and shall specify the materials, colors, form, massing, scale and other design related considerations which will be allowed, encouraged, limited or excluded from the Steilacoom Historic District and individually registered properties. If such design considerations are limited, the standards shall state either the reasons for such limitation or conditions under which such considerations will be permitted.

**(B) Adoption of Standards**

The official Town of Steilacoom design standards consist of the design and development standards adopted by the Town Council and the Secretary of the Interior's Standards for Rehabilitation.

(C) **Procedures for changes to the adopted design standards.** Upon recommendation from the Board, the Town Administrator is authorized to make minor, non-substantial changes to the design standards without further Town Council approval or adoption, although such minor changes must still be forwarded to Town Council. Such changes shall be effective upon filing with the Town Clerk. Significant or substantive changes to the design standards require approval by the Town Council and are only effective upon such approval.

(D) **Clarification of Current Standards**

In the Design Standards adopted by the Town Council in 2005, Chapters 1, 2, 3, 4, 5, 6, 7, 8, and 10 specifically apply to those properties listed in Section 2.14.050. All other properties, although encouraged and recommended to follow these chapters, are subject to the standards outlined in Chapters 1,2,3,4,8,9 and 10.

(E) **Relationship of Standards to Municipal Code**

Where the provisions of the Design Standards conflict with the Steilacoom Municipal Code, the Steilacoom Municipal Code will prevail. (Ord. 1439 §6, 2008).

**2.14.065 Review of changes to properties outside of the Historic District.**

(A) Duplexes: No side-by-side mirror image duplex designs shall be permitted.

(B) New Construction and Substantial Alterations of Multifamily Residences Outside the Historic District: Areas outside the historic district have continued the building traditions found in the district. The use of natural building materials and a respect for traditional design lends to the overall cohesiveness of the Town of Steilacoom.

(1) Site Considerations:

(a) Setbacks, lot coverage, and open space of the unit(s) shall conform to the requirements as described in SMC, Title 18.

(b) For development with six (6) or fewer residential units, the units shall be connected to the public by locating the front doors on the street frontage.

(d) Parking lots shall be visually broken up by the use of landscape planters. No more than eight (8) angled or perpendicular parking stalls shall be allowed without a landscape break. The landscape break shall be at a minimum three (3) feet in width and a minimum length of ten (10) feet.

(e) Parking stalls shall not be located or positioned to cause headlights to shine into windows of residential units.

(f) Locate trash enclosures (dumpsters) and mechanical equipment away from the street frontage, and screen the trash enclosures and mechanical equipment by using substantial sight-obscuring landscaping which will achieve a height of 6 feet within three (3) years of planting, or by constructing an enclosure using building materials similar to and complementary to that of the primary building.

(2) Design Considerations:

(a) Multifamily residential development shall have a design form that echoes the residential, human scale of the Town of Steilacoom.

(b) Building materials shall blend the building with existing buildings in the immediate vicinity of the project. Buildings shall utilize no more than two (2) primary visible wall materials (excluding foundation materials).

(1) Site Considerations:

(d) Locate trash enclosures (dumpsters) and mechanical equipment away from the street frontage, and screen the trash enclosure and mechanical equipment by using substantial sight obscuring landscaping which will achieve a height of 6 feet within three (3) years of planting, or by constructing an enclosure using building materials similar to and complementary to that of the primary building.

(f) The placement and/or preservation of trees or shrubs in parkways or paved areas is encouraged. (Ord. 1387 §1(part), 2005).

**2.14.070 Review and monitoring of properties for special property tax valuation.** In 1985, the Washington State Legislature passed a "special valuation" law which makes it possible for Certified Local Governments (CLGs), for a ten year period, to insure that property taxes will not reflect substantial improvements made to certain classes of properties as identified by the CLG. The CLG may amend the criteria for eligibility, however, if made more restrictive these do not become effective for two years following October 1 of the year they were enacted. This means that owners of certain types of historic properties have the potential to realize substantial tax savings.

Only properties on the Steilacoom Register of Historic Places or properties within the Steilacoom Historic District are eligible for special valuation.

(A) **Time Lines**

(1) Applications shall be forwarded to the Board by the assessor within 10 calendar days of filing.

(2) Applications shall be reviewed by the Board before December 31 of the calendar year in which the application is made.

(3) Board decisions regarding the applications shall be certified in writing and filed with the County Assessor within 10 calendar days of issuance.

(4) Applications shall include work performed within a 24 consecutive month period and shall be submitted at any time but no later than October 1<sup>st</sup> to for valuation to be processed the year of application.

**(B) Procedure**

(1) The County Assessor forwards the application(s) to the Board.

(2) The Board reviews the application(s), consistent with its rules of procedure, outlined in the bylaws, and determines if the application(s) are complete and if the properties meet the criteria set forth in WAC 254-20-070(1) and listed in Section 2.14.070.C.

(a) If the Board finds the properties meet all the criteria, then, on behalf of the Town of Steilacoom, the Town Council authorizes the Mayor on behalf of the Town to enter into an Historic Preservation Special Valuation Agreement (set forth in WAC 254-20-120 and in Section 2.14.070) with the owner. Upon execution of the agreement between the owner and Board, the Board approves the application(s).

(b) If the Board determines the properties do not meet all the criteria, then it shall deny the application(s).

(3) The Board certifies its decisions in writing and states the facts upon which the approvals or denials are based and files copies of the certifications with the County Assessor.

(4) For approved applications:

(a) The Board forwards copies of the agreements, applications, and supporting documentation (as required by WAC 254-20-090 (4) and identified in Section 2.14.070) to the County Assessor,

(b) Notifies the State Review Board that the properties have been approved for special valuation, and

(c) Monitors the properties for continued compliance with the agreements throughout the 10-year special valuation period.

(5) The Board determines, in a manner consistent with its bylaws, whether or not properties are disqualified from special valuation either because of

(a) The owner's failure to comply with the terms of the agreement or

(b) Because of a loss of historic value resulting from physical changes to the building or site.

(6) For disqualified properties, in the event that the Board concludes that a property is no longer qualified for special valuation, the Board shall notify the owner, County Assessor, and State Review Board in writing and state the facts supporting its findings.

**(C) Criteria**

(1) **Historic Property Criteria:**

The class of historic property eligible to apply for Special Valuation in Steilacoom means all properties listed on the National Register of Historic Places or certified as contributing to a National Register Historic District which have been substantially rehabilitated at a cost and within a time period which meets the requirements set forth in Chapter 84.26 RCW, The class of property eligible to apply for Special Valuation in Steilacoom means all properties listed on the Steilacoom and National Register of Historic Places or properties certified as contributing to a Steilacoom and National Register Historic District which have been substantially rehabilitated at a cost and within a time period which meets the requirements set forth in Chapter 84.26 RCW.

(b) Comprehensive exterior and interior photographs of the historic property before and after rehabilitation,

(c) Architectural plans or other legible drawings depicting the completed rehabilitation work, and

**(4) Rehabilitation and Maintenance Criteria:**

The Washington State Advisory Council's Standards for the Rehabilitation and Maintenance of Historic Properties in WAC 254-20-100 shall be used by the Board as minimum requirements for determining whether or not an historic property is eligible for special valuation and whether or not the property continues to be eligible for special valuation once it has been so classified.

**(D) Agreement:**

The historic preservation special valuation agreement in WAC 254-20-120 shall be used by the Board as the minimum agreement necessary to comply with the requirements of RCW 84.26.050(2).

**(E) Appeals:**

Any decision of the Board acting on any application for classification as historic property, eligible for special valuation, may be appealed to Superior Court under Chapter 34.04.130 RCW in addition to any other remedy of law. Any decision on the disqualification of historic property eligible for special valuation, or any other dispute, may be appealed to the County Board of Equalization. (Ord. 1387 §1(part), 2005).
